

# SOFT POWER for soft cleaning

**SOFT POWER** FIBRE FOR THE CLEANING OF PLASTIC CONTAINERS, VITRO-CERAMIC HOBS, GLASS, DELICATE AND NON-STICK SURFACES .

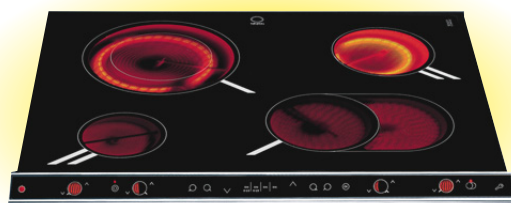

Innovative high-thickness white fibre

## **SOFT POWER :**

- offers effective and advanced solutions
- meets every cleaning need without damaging delicate surfaces
- ensures a high-level and long-lasting performance

Exclusive ergonomic shape to get the utmost handiness when carrying out each cleaning task in hard-to-reach spots such as:

bottom of glasses, container corners, non-stick pans, cooking hobs, burner stoves, taps and fittings.

## SOFT POWER FIBRE IS AVAILABLE ALSO IN THE FOLLOWING, EVEN MORE INNOVATIVE, VERSIONS:

coupled with non-scratch **ECO-FRIENDLY** fibre made with natural components or derived from recycled and renewable sources.

coupled with a light blue sponge for a more thorough cleaning.

coupled with a pure cellulose sponge to enhance its absorbency power.

### OUR **ECO-FRIENDLY** FIBRES

ensure a high cleaning performance through continuous research aimed at improving both production methods and products, thus reducing environmental impact, energy consumption and the use of non-renewable sources.
